

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I once noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CROWEY & Co., Toledo, O. "Pedigree" of "Fog."

If any Londoner crawling up to business by train or tram through the fog turned his idle mind to wondering why it was called "fog," he would probably decide that it could not have been called anything else. "Fog" is its obvious name. Yet there is much speculation among philologists on this point. Dr. Murray's Dictionary suggests an interesting pedigree. As far back as the fourteenth century "fog" meant aftergrass, the rank grass that sprang up after hay harvest or grew in the winter, while in the north it meant moss. Then "foggy" came to mean boggy; next it was used to mean bloated or puffy, of the flesh of men or animals, and, finally, as applied to air or air, it meant thick, and our modern fog was derived back from this "foggy." Skeat, however, goes straight to the Danish "fog," as in "snee fog," a snowstorm, from "fyge," to drift. The worst of London fogs is that they do not drift fast enough.—London Chronicle.

HOUSEHOLD AFFAIRS

CHEESE BISCUIT.

Make any tea biscuit batter and roll out till about a half inch thick; spread thickly with grated cheese, sprinkle with cayenne pepper, a little salt and some bits of butter. Roll tightly, cut from the end, jelly-cake fashion, and bake. Serve hot or cold.

SWEET POTATO SOUFFLE.

Peel six medium-sized sweet potatoes, cut into dice and line the bottom of a buttered dish; sprinkle with brown sugar and drop over it bits of butter, next a layer of potatoes, then sugar and butter, and so on till the dish is full and the sugar layer is on top. Bake and serve hot.

SQUASH FRITTERS.

Add a cupful of milk to two of canned or freshly boiled winter squash; with this mix two beaten eggs, a teaspoonful of salt, a little pepper and a heaping teaspoonful of baking powder. Drop by tablespoonfuls into hot lard and fry. Serve with sweet or sour sauce as preferred.

SPICE PUDDING.

One-half cupful of granulated sugar, half a cup of butter, one cupful of molasses, two teaspoonfuls of cinnamon and one of cloves, one cup of boiling water, in which has been dissolved a teaspoonful of baking powder. Beat well together, then add two cupfuls of flour, and, lastly, four well-beaten eggs. Steam, and when done serve with an egg sauce.

MAPLE CUSTARDS.

Beat five eggs until a spoonful can be lifted without stringing. Add one-half cup of maple syrup, a saltspoonful of salt, stir well, then add three cups of milk and strain into a mould or individual cups. Wet the inside of the cups with cold water. The hot water in the pan in which the custards are set to bake should not boil after baking is begun.

APPLE SHORTCAKES.

Make a paste as follows: Sift four cupfuls of pastry flour and four teaspoonfuls of baking powder together very thoroughly with two tablespoonfuls of powdered sugar and a half teaspoonful of salt. With the finger tips work in a cup of butter and two cups of milk. Roll out lightly without touching it more than is necessary. Bake fifteen minutes in a moderately hot oven. When done, cut into individual sizes with a biscuit cutter, split, butter and spread each piece with a strained apple sauce and serve with whipped cream. These are very delicious also when made with preserves or any fresh crushed fruit.

To clean flat-irons rub them on green cedar.

Clean your cooking utensils with a piece of soft red brick.

Wash your stove with vinegar before polishing, and mark the result.

Brown paper moistened in vinegar will polish your tins until they shine like silver.

Clean brass with powdered bath-brick and a damp flannel and afterward polish with dry brick dust and a leather. This is the cheapest brass polish and quite effectual.

A jug mop made by nailing a dozen little bits of linen or cotton rag on the point of a stick, is a great help in washing jugs which are too small for the hand to be inserted.

To prevent wooden bowls from cracking, immerse them in cold water, then set over the fire, bring to the boiling point, and let boil for an hour, and don't take them out until the water has gradually cooled.

Paint spots on glass can be removed by moistening with a strong solution of soda—the common kitchen variety. This will soften them, when they can be rubbed off, and the glass should then be rubbed with alcohol.

A soothing drink for a sore throat that is recommended, is made of a pint of barley water brought to a boil over a hot fire, to which is added, while stirring until dissolved, one ounce of the best gum arabic. Sweeten to taste.

To clean the ivory handles of knives, mix ammonia and olive oil in equal parts, and add enough prepared chalk to make a paste. Rub the ivory with this, and let dry before brushing off. Several applications may be necessary.

Stains made by dipping candle grease (and such ugly things are the penalty one pays for these ornamental adjuncts to the dinner table) may be removed by placing a piece of blotting paper over the spots and pressing with a hot iron. This applies to stains in fabrics.
